Dear All,

This is to inform that on October 14, 2020 the reference Administrative Decision was published in the Official Gazette Supplement, whereby those who work at shopping malls in the city of Buenos Aires are excluded from mandatory, preventative, social quarantine.

They must follow the protocol approved by the national health authorities.

The workers involved should leave home only to go to work at shopping malls, which are now allowed to open, but cannot use public transportation; they must apply for the Special Permit to leave home – Covid-19 emergency under Administrative Decision No. 897/20.

Employers must ensure safe and healthful working conditions and arrange alternative means of transportation according to local guidelines to protect workers' health.

The necessary regulation is still to be issued by the government in the City of Buenos Aires.

This General Resolution will take effect on the date of publication in the Official Gazette.
