Labornet No. 1294

Special Social Security Scheme for Workers and Contractors in the Wine Industry.
Act No. 27643

Dear All,

This is to inform you that the reference Act was published in the Official Gazette of November 12, 2021, establishing a special social security scheme for workers and contractors in the wine industry under Act No. 23154, whereby Act No. 20589 was restored, including owners of olive and fruit farms provided winemaking is their core business.

Pension Benefit: Those who are covered under Section 1 of the Act under analysis shall be entitled to get the ordinary pension benefit when they turn 57, irrespective of their sex, provided they can prove they have been making social security contributions for 25 years.

Calculation of length of service: For those who have been performing the tasks mentioned in Section 1, and alternatively any other tasks, the eligibility requirements to get the ordinary pension benefit shall be determined by prorating age limits and services required for each kind of task or activity.

Employers' Contributions: Employers' contributions for the tasks mentioned in this Act shall be those in place under the ordinary system -Argentine Integrated Pension System- increased by two percentage points (2%) as from its effective date.

Additional Applicable Law: In those cases that are not dealt with in this scheme, Act No. 24241, as amended, and any superseding Act to be passed in the future, shall be applicable.

Regulation: The Executive shall regulate this Act within 60 days as from the date of enactment.

Best regards,

Paula Analía Babij
